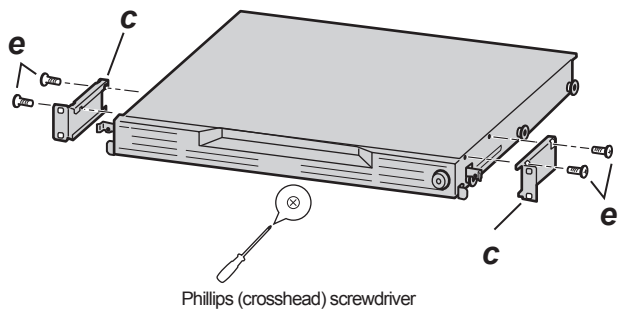
Are the holes in your rack round or square?

A ⬇ **B** ➡ ***Next Page***

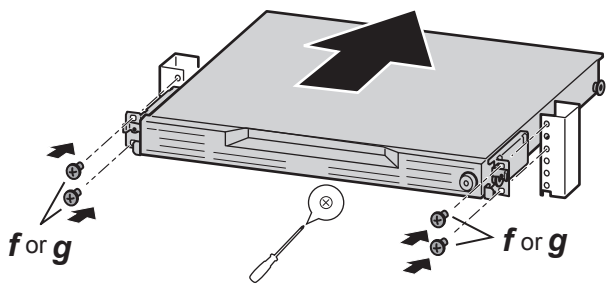
A Round Holes (2 post and 4 post)

1 Attach brackets ***c*** to the TeraStation with screws ***e***.



Phillips (crosshead) screwdriver

2 Attach the TeraStation to the rack with screws ***f*** or ***g***.

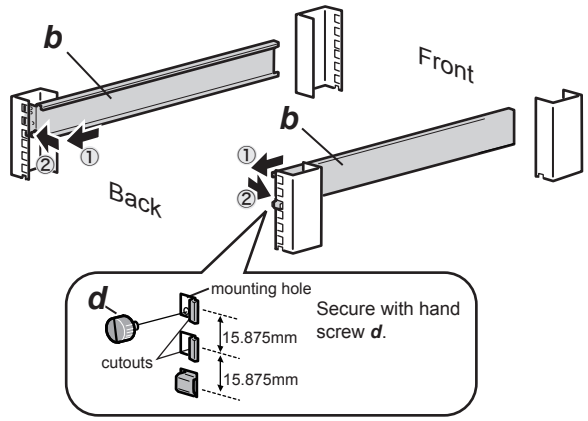


Installation is complete.

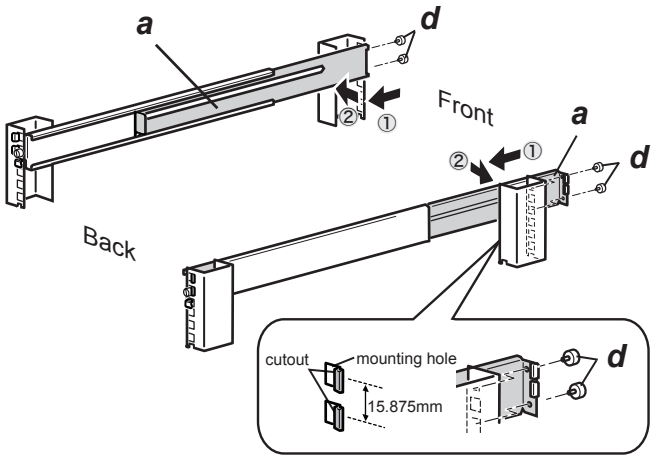
B Square Holes

4 post rack

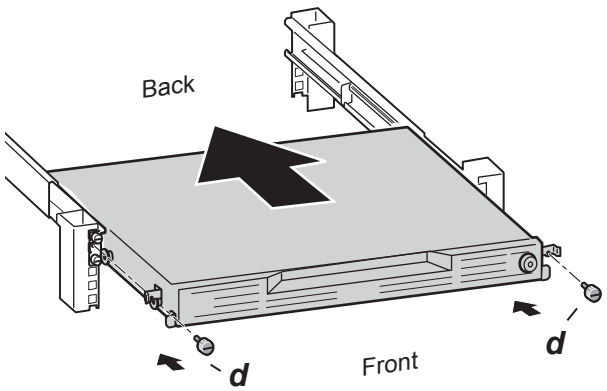
1. Attach the outer rack mounting brackets ***b*** to the back side of the rack and secure them with hand screws ***d***.



2. Slide the inner rack mounting brackets ***a*** into brackets ***b*** from the front, then secure them with hand screws ***d***.



3. Slide the TeraStation into the rack until it clicks into place. Secure with hand screws ***d***.

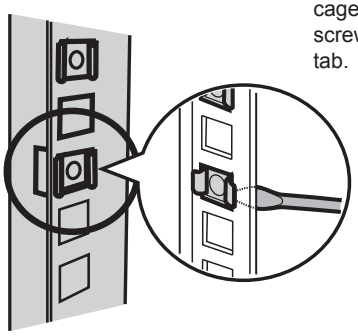


Installation is complete.

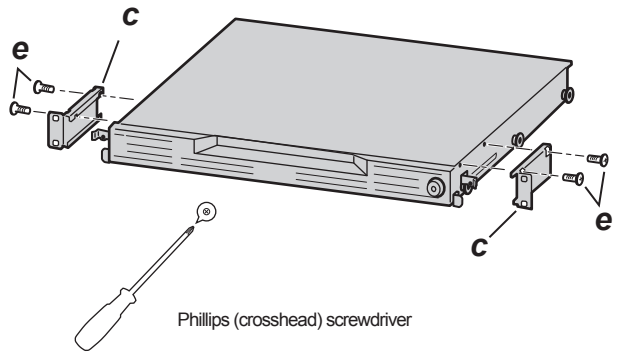
2 post rack

1. Insert 4 cage nuts ***h*** into mounting holes in the rack.

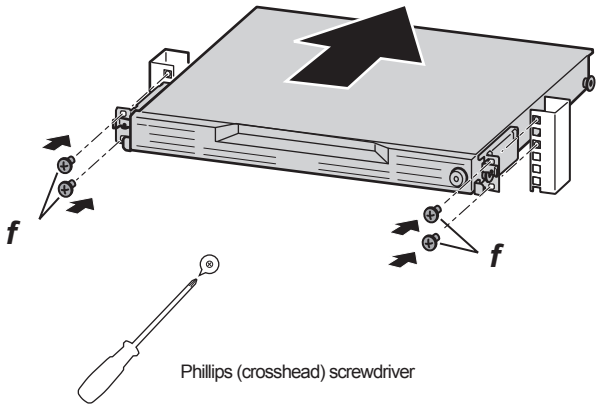
Hint: Hook one tab of each cage nut, then use a flat-head screwdriver to insert the other tab.



2. Attach brackets ***c*** to the TeraStation with screws ***e***.



3. Attach the TeraStation to the rack with screws ***f***.



Installation is complete.
