This is parts catalogue for PrintPartner 10V/14V Page Printer.

This manual is for service engineers.

There are several models of PrintPartner 10V/14V Page Printer.

This manual covers all models.

This manual consists of two parts: Parts List and Parts Drawings.

Parts list has layer structure. You can find assembly levels.

Parts drawing does not have the layer structure.

You can see the model difference from the parts list easily.

There are other manuals for service engineers as follows.

Especially the maintenance manual has close relationship to this manual.

① This figure shows the index number of the part in the drawing.

② These columns show the construction levels. A higher level part consists of the following lower level parts listed until the quantity of the next part appears at the same level. See example ③.

③ m~n shows an assembly or unit consisting of more than one part. The upper cover subassembly consists of a cover subassembly, an upper door, and guides.

④ These parts are at the same level and belong to the same upper level part.

⑤ Parts with an asterisk (*) are recommended spare parts.

⑥ The upper cover assembly is the part name of item numbers 1 to 5.

⑦ PP10V stands for PrintPartner 10V, and PP14V stands for PrintPartner 14V.

⑧ Part with an at (@) can be purchased.

* The upper cover assembly is a recommended spare part.
