Introduction

The figures which follow depict the major assemblies of the printer or option, broken down into components. Following each figure are the list giving the following information:

'Ref No.'Reference number which corresponds to the parts in the figure
'Part code'.....Part code which identifies the part
'Part description'A brief description of the part
'Quantity'.....Quantity of the part used in the printer or option

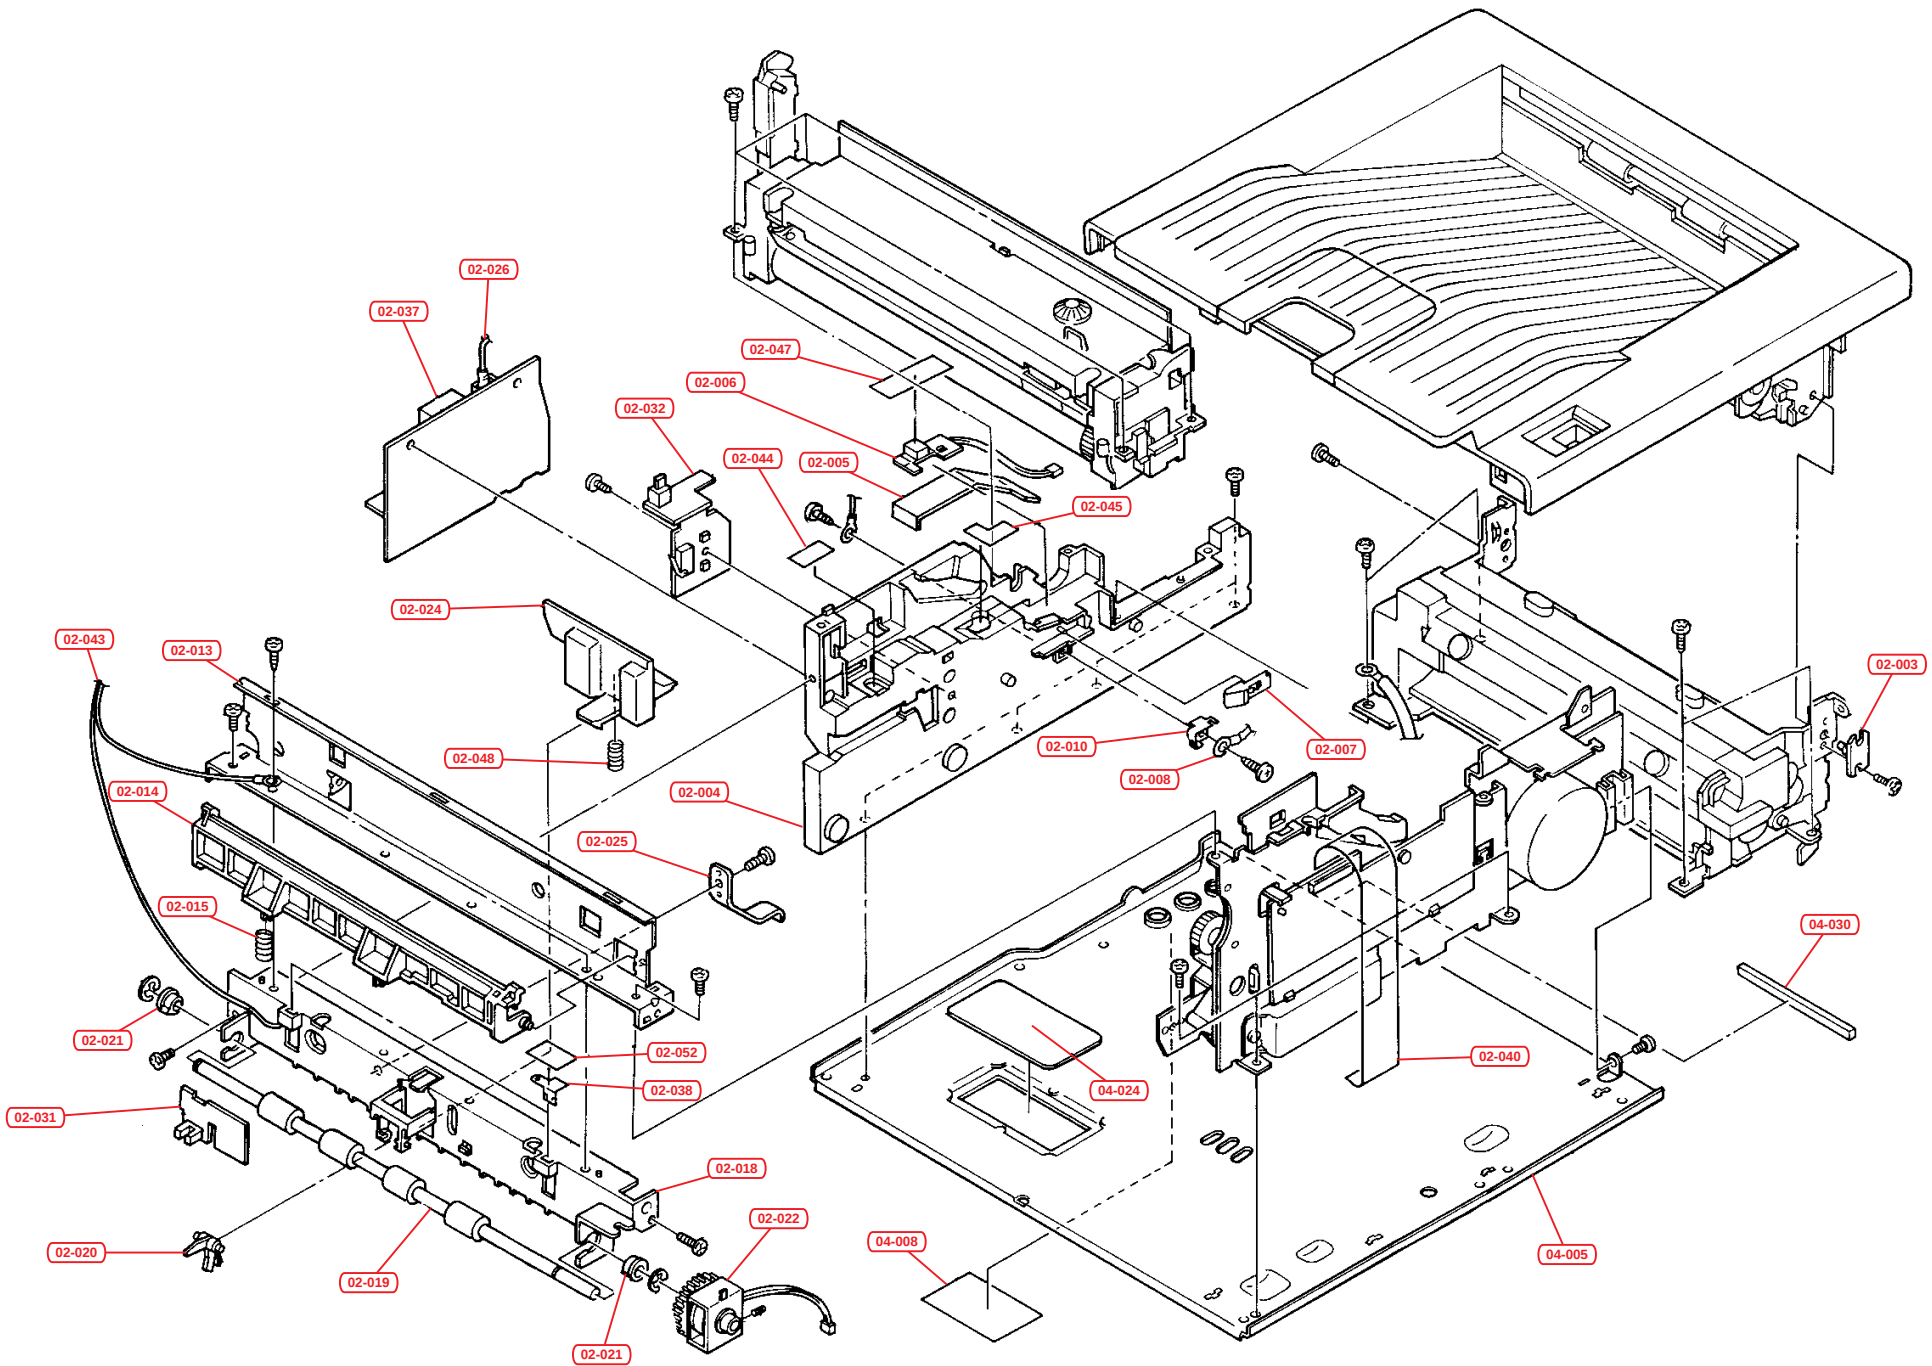

Only the parts highlighted in **BOLD** should be ordered. All other parts are for reference only and are not stocked.
