
17" COLOR DISPLAY UNIT CDU1786D/MI02 (DSM 50-175)

This display unit is manufactured by **mitsubishi** and is identified as **DSM 50-175** on the front and rear of the case, and in the Progetto di Gestione. This unit is also identified as **CDU 1786D/MI02** on the homologation plate on the rear of the case.

The characteristics, disassembly procedures and adjustments for this display unit are the same as those explained in Chapter 1 for the **CDU 1786D/MI01 (DSM 50-175)**. The only difference is that the **DSM 70-175** complies with the **TCO'95** norms regarding the emission of radiation, electromagnetic noise and regarding power saving features, ergonomics and the recycling of materials.
